My Dear Brother in Christ

I have so many things to tell You but first of all I apologize for my delay in answering Your nice letters, knowing that You realize how little time we have in Hospital life I know You will understand. Although You have not heard from me You live in my prayers every day every Saturday is a holy Cross day for You and Your Seminary and every Friday I give for Sister M. Mediatrix.

I have not heard from Miss Hardy I do not know if she has made her final arrangements to enter I wrote her a month ago she has not written to me in a long time. I pray for her each day.

We have Rosary and Benediction every evening at which You and little Sister always share with me. I am happy and peaceful trying to keep close to the Sacred Heart and Our Holy Mother.

I must tell You about a friend of mine a very holy soul a Spanish Lady who happens to be a patient here in the Hospital at present time she is now recovering from an abscess on her face caused by an infected tooth, she is a daily Communicant for past seventeen years, for the past eight years she sees Our Lord every day, after Holy Communion, the Sacred Host remain with her for one hour and a half, her lips remain sealed and she cannot speak during that time, she remains in the church every day during that time, now while she is here she receives Holy Communion every day.
